

## Long Extendable Telescopic Boom Motorised Belt Conveyor - Caljan BeltTrac

**Make:** Caljan

**Model:** CB4M 6/12,3-800

**Year:** 2018

**Reach:** 12m

**Retracted Length:** 6m

**Extended Length:** 18.3m

**Belt Width:** 800mm

**Belt Height:** 955mm

**Capacity:** 50kg/m

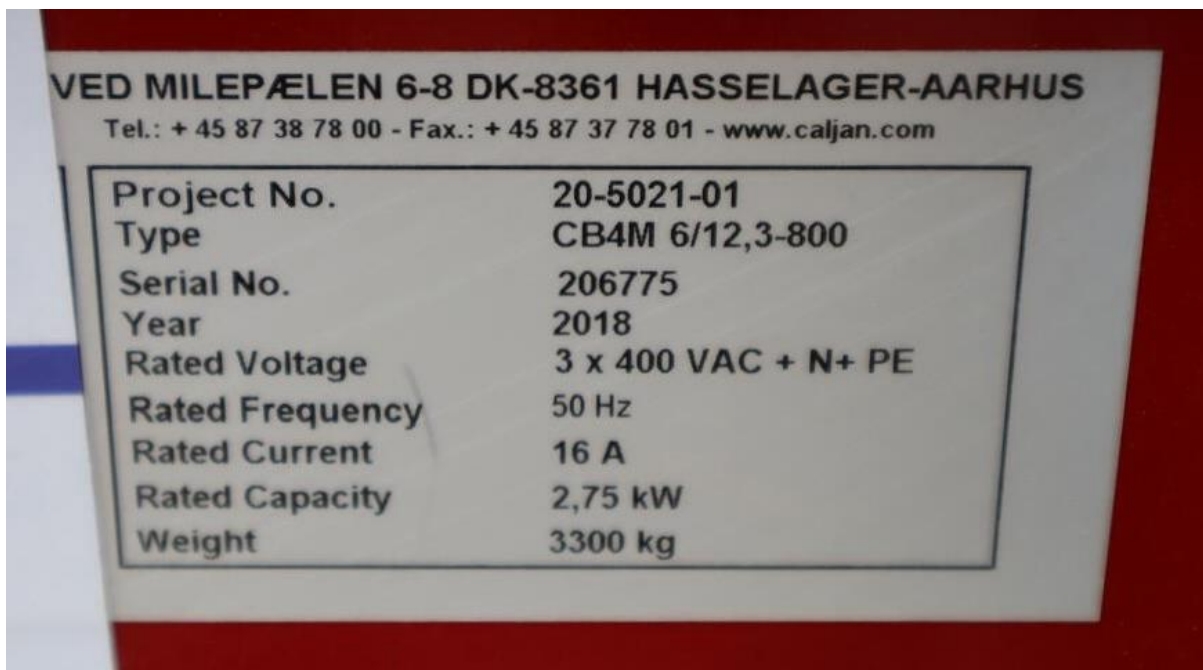

**Power:** 415V 16A

**Weight:** 3300kg

**Overall Dimensions (mm):** 6000 x 1400 x 1000 h

"This conveyor is in excellent working condition. It is a fairly recent unit. Operation is simple & user-friendly with a joystick at the side of the conveyor controlling extension & retraction."

"It is designed for efficient loading and unloading of containers and trucks. Its telescopic feature allows for easy extension and retraction, enabling it to adapt to various sizes of freight carriers. Ideal for logistics centers, warehouses, and distribution facilities requiring versatile and efficient material handling solutions."
